**The LAWTTIP Final Expert Meeting** will gather together key staff members of the LAWTTIP Network, European and national civil servants belonging to the main institutions involved in the New Generation Free Trade Agreements' negotiations and implementation and stakeholders from business organisations and NGOs. It will offer a unique opportunity to summarise the main practical contributions of the Network and to identify future challenges for NGFTAs implementation. The meeting is moreover intended to single out the lessons to be learned from the NGFTAs model, at International, European and national level.

The LAWTTIP Final Expert meeting is intended to:

- contribute to disseminating the main findings of the LAWTTIP Network;
- help assess the social and political impact of the research project at European and national level;
- promote a form of political accountability of the LAWTTIP project vis-à-vis European and national decision-makers and relevant interest groups.

**For security reasons all participants and attendees are kindly requested to fill in the form available at**

**The mandatory registration via this link closes Sunday 7 July at 11:00 PM.**

**Jean Monnet Network LAWTTIP**

The Jean Monnet Network LAWTTIP – Legal Ambiguities withstanding TTIP intends to promote a large-scale legal reflection of both the existing EU Free Trade Agreements of new generation and the ongoing negotiations on the Transatlantic Trade and Investment Partnership (TTIP).
